### CONFERENCE OBJECTIVES

Participants will:

1. Increase knowledge/skills of improving health and wellness through policy, system, and environment change.
2. Promote a holistic culture of health and wellness in the communities we serve by engaging in community-based strategies and striving for health equity.
3. Provide effective tools and resources that help individuals and families manage the dimensions of holistic wellness, which includes physical, social, mental, emotional, environmental, or financial relations at major life stages.
4. Discuss Family & Consumer Sciences knowledge areas of food and nutrition choices, financial practices, family relations, textile and apparel, and interior design decisions,
5. Engage in professional networks that develop collaborative relationships to advance the mission of Family & Consumer Sciences.
6. Showcase Family & Consumer Sciences best practices and relevant research, which contribute to advancing  
.....holistic wellness in Ohio.....
